GOAL 10: REDUCED INEQUALITIES

A. General Statistics

- i. Average monthly household income recorded in 2018-19, in the urban area was Rs. 53010 and in rural area was Rs. 34520.
- ii. Average monthly household consumption recorded in 2018-19, in the urban area was Rs. 47362 and in rural area was Rs.30908.²
- iii. Per capita Monthly consumption expenditure recorded in 2018-19 in urban area was Rs. 7928 and in rural area Rs. 4832.³
- iv. In the last 10 years from 2017-18, the information on out-migrants that have moved to another area for a specific reason, which may be temporary, seasonal, or permanent is recorded where one-half of out-immigrants i.e. (52%) moved to a city within Pakistan, 29% moved to another country, and 19% moved to a rural area within Pakistan. Out of the 29% that moved to outside countries includes 39% male, and 7% female.⁴
- v. According to recent estimates, approximately 8-9 million Pakistanis are presently working, studying, or living abroad in three primary regions: the Middle East, Europe (particularly the United Kingdom), and North America. Emigration to the United Kingdom started in the 1960s and continued into the mid-1970s, when temporary migration for employment began in the Middle East. Emigration to North America and some countries of Europe (e.g., Germany, Italy, and Spain) began in the 1990s. Large household surveys have seldom addressed or collected information on emigration.⁵
- vi. Migration to the Middle East is often for a short period (4-5 years). The percentage of households with at least one emigrant in the last 10 years by region of destination. Overall, 6% of the sampled households had at least one emigrant migrating to the Middle East.⁶
- vii. The vast majority of emigrants went abroad to pursue better economic opportunities (88%); 13% of urban emigrants moved for marriage or to accompany family, and 5% emigrated to study abroad.⁷
- viii. 43% of households with at least one emigrant received remittances from abroad.⁸
- ix. In the FY 2020 the total remittances received in Pakistan were US\$ 23,132.3 Million. This is slightly increased to remittances received in FY 2019 amounting US\$ 21,739.4
